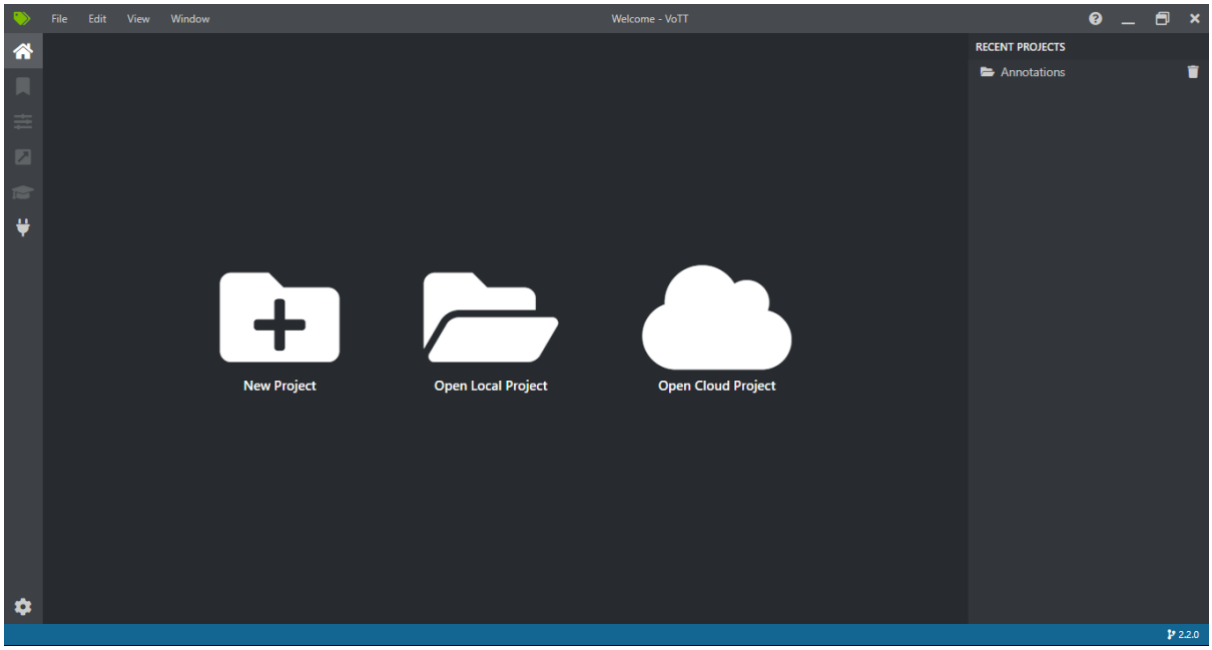
Annotate Images

Create A Project In VOTT(Microsoft's Visual Object Tagging Tool)

Date	14/8/22
Team ID	PNT2022TMID28486
Project Name	AI-based localization and classification of skin disease with erythema

- Create a **New Project** and call it `Annotations`.
- used Annotations as project name.



- Under **Source Connection** choose **Add Connection** and put `Images` as **Display Name**. Under **Provider** choose **Local File System** and select [`yolo_structure/Data/Source_Images/Training_Images`](/Data/Source_Images/Training_Images) and then **Save Connection**.
- For **Target Connection** choose the same folder as for **Source Connection**.
- And Tags of diseases.Hit **Save Project** to finish project creation.
